

Euro Fed Lipid - A lively network for lipids, fats and oils

January/February 2026 Edition:

Dear Reader,

The January/February issue includes the following articles and updates:

- President's Message
- 2026-2027 Executive Board Members
- Fats-0-Mics - Registrations are open
- Introducing Division Chairs 2025-2027
- EJLST - New publication format
- Introducing National Associations
- Upcoming Euro Fed Lipid Events
- Upcoming events
- Careers and Education - Wiley - Position Vacancy

Enjoy!

From the President

As we turn the page to 2026, I would like to reflect on our recent achievements and share what lies ahead for our community.

2025 was a milestone year, marked by the 20th Euro Fed Lipid Congress and Expo in Leipzig. This jubilee event brought together delegates from over 40 countries, creating a vibrant forum for exploring the latest advances in lipid science.....

Euro Fed Lipid Executive Board 2026-2027

Meet our Executive Board members for 2026-2027

Karel Hrcirik,
President

Eleni Kalogianni,
Vice-president

Bart Scholten,
Treasurer

Fats-0-Mics - Registrations are open

Food Lipids and Lipidomics for Health, Nutrition, and Sustainability

We warmly welcome you to FATS-O-MICS, a symposium for sharing insights and tackling emerging challenges in food lipids and lipidomics – with a focus on health, nutrition, and sustainability.

Key Topics:

- Role of lipids in health and sustainable diets
- Alternative sources of dietary lipids
- Food lipidomics & traceability
- Analytical challenges in lipid characterization

Submit your Abstract for:

- Analytical Challenges in Food Lipids
- Lipids and Lipidomics: Molecules to Nutrition & Health
- Lipids in Food Quality, Safety & Traceability
- Alternative Lipid Sources, Sustainability & Future Directions

Deadline for Abstract Submissions: 28 February 2026

University of Aveiro, Portugal
02-03 July 2026

www.eurofedlipid.org

A Euro Fed Lipids Divisions Workshop
FATS-O-MICS

Food Lipids and Lipidomics for Health, Nutrition and Sustainability

02-03 July 2026, Aveiro, Portugal

[Abstract Submissions are open!](#)

Throughout the event, we will explore key topics such as:

- The importance of lipids and lipidomics in human health and sustainable diets,
- The development of alternative food sources,
- The integration of food analysis with traceability systems, and
- Most importantly, the analytical challenges associated with the characterization and quantification of lipids in complex food matrices.

and REGISTRATION

Introducing our Division Chairs 2025-2027

Meet our Division Chairs here throughout the year

Sabine Danthine, University of Liège, BE Division Physical Chemistry

Being a chemical engineer specialized in food processing industry, I began my scientific career as a researcher in the late 1990s, within the framework of a joint project between Corman S.A. -a Belgian dairy company- and Gembloux Agricultural University (Belgium).....

Introducing our Member Associations

Throughout the year, we feature Euro Fed Lipid member associations here

Chemistry and Technology of Fats of the Polish Society of Food Technologists (PTTŻ)

Section of Chemistry and Technology of Fats of the Polish Society of Food Technologists (PTTŻ) was established on 28 January 1997. The first meeting took place at the Gdańsk University of Technology, and among the founders were representatives of academia and industry, including Prof. B. Drozdowski and Assoc. Prof. K. Krygier, DSc.....
